

1. The position of the apparatus shown on this drawing is believed to be correct but the original records may have been altered since the apparatus was installed.  
 2. The exact position of the apparatus should be verified - use approved cable avoidance tools prior to excavation works to locate buried cables.  
 3. It is essential that all cables are carefully marked and avoided by the use of mechanical tools or poles until the exact location of all cables has been determined.  
 4. It should be assumed that there is a service cable in every trench, along columns and street edge.  
 5. All cables must be treated as being live unless proved otherwise by UK Power Networks.  
 6. The information provided must be given to all those working near UK Power Networks' plant & equipment. Do not use plans more than 3 months after the issue date for excavation purposes.  
 7. Please be aware that, each cable belonging to other owners of licensed electricity distribution systems may be present and it is your responsibility to verify their location.

1. UK Power Networks does not warrant that the information provided to you is correct. You rely upon it at your own risk.  
 2. UK Power Networks does not exclude or limit its liability if it causes the death of any person or causes personal injury to a person where such death or personal injury is caused by its negligence.  
 3. Subject to paragraph 2, UK Power Networks has no liability to you in contract, in tort (including negligence), for breach of statutory duty or otherwise for any loss, damage, cost, claims, demands, or expenses that you or any third party may suffer or incur as a result of using the information provided whether for physical damage to property or for any economic loss (including without limitation loss of profit, loss of opportunity, loss of savings, loss of goodwill, loss of use) or any special or consequential loss or damage whatsoever.  
 4. This plan has been provided to you on the basis of the terms of the use set out in the covering letter that accompanies this plan. If you do not accept and/or do not understand the terms of use set out in the covering letter you must not use the plan and you must return it to the sender of the letter.  
 5. You are responsible for the security of the information provided to you. It must not be given, sold or made available upon payment of a fee to a third party.

IF IN DOUBT - ASK PHONE 0800 056 5866  
 EMERGENCY - If you damage a cable or line  
 Phone 0800 780 0780 (24hrs) URGENTLY

Map produced at 1:2500 scale are LV Geo-Schematics which show LV main cables and overhead lines in some cases all voltages. Prior to carrying out excavations you must call for the 1:500 records to determine the location of all known or suspected plant and equipment.

ALWAYS LOOK UP BEFORE YOU START WORK  
 Refer to HSE Guidance note GS6
