

HOLBROOK PARISH COUNCIL

Summary of actions from 17th August 2026 and previous meetings:

- Work to be carried out on the play area at the Reade Field, when the weather was more sympathetic. ***Cllr Ambrose & other Cllrs***
- The Clerk had contacted UK Power Networks again about the trees overhanging the electricity substation at Shepherds Lane and had received the reply that overhanging branches would not necessarily be a hazard, unless they were diseased or touching any of the equipment.
- To invite Anglian Water to a meeting to discuss the potential road closure at the RHS. AW had been invited and had responded by email but had not yet agreed to a meeting.
- Suffolk Coasts and Heaths had been contacted for advice on Alton Green Pond. – see Agenda item 6.04
- The clerk had reported siting of rats at the back of the Academy
- The owner of the piece of land near Butchers Corner which was designated a green space in the Neighbourhood Plan had been invited to attend the Parish Council meeting on 21st September
- The clerk had written to the planning department to enquire whether there would be an environmental impact assessment for the proposed wind turbine at Ipswich Docks and it had been confirmed that an EIA had been carried out.
